

E&PS Undergraduate Honors Program

Statement of Interest/Application

Please fill in the information below. The guidelines and requirements for E&PS Honors are provided on an additional information sheet. The Department encourages all undergraduate majors to become involved in research. If you are unsure as to how the GPA restrictions affect your participation, fill out this form and meet with the Departmental Honors Advisor. Turn forms into Professor Crossey's mailbox at the E&PS main office.

*Departmental Honors Advisor: Professor Laura Crossey

Research Interests and Experience:

Have you identified a prospective Advisor and/or project? Are you working with a graduate student as well? Please attach a short (two page maximum length) research proposal (including project goals, methods to be used, and a timetable). This description must be approved by your proposed Research Advisor, and the mentor must sign below.

I have read and approve of the attached project description.
